## PRODUCT BULLETIN

**PRODUCT NAME:** **SIMPLE PREP™**

**PRODUCT NUMBER:** **HBI 119**

**DESCRIPTION:** **SIMPLE PREP** is a biodegradable, all-purpose, ready-to-use cleaner and degreaser. It is formulated with a non-residue surfactant system. **SIMPLE PREP** can be diluted up to 4:1 for preventive maintenance cleaning. It quickly emulsifies dirt, grease, grime, animal fat and oil. **SIMPLE PREP** is packaged in 5-gallon pails and 55-gallon drums.

**FEATURES:** **SIMPLE PREP** contains no acids, no butyls, no caustics, no D'Limonene, no Nonylphenols, and no VOC's. It is formulated with new cationic surfactant technology. **SIMPLE PREP** is recommended for use on tires, engine compartments and other difficult to clean surfaces. Recommended for use before applying HBI's **Nyalic®** clear protective coating.

**DIRECTIONS:** For best results, use **SIMPLE PREP** full strength. Spray **SIMPLE PREP** on the surface to be cleaned and allow it to sit for about 1 to 2 minutes. Rinse the **SIMPLE PREP** off with lots of water. **SIMPLE PREP** can be used through the soap injector of a high-pressure washer.

<b>TECH DATA:</b>	Appearance:	Clear greenish-yellow liquid.
	Odor:	Fragrant
	Specific Gravity:	0.99
	Boiling Point:	210°F (99°C)
	Freezing Point:	30°F (-1°C)
	pH:	12.0 – 13.0
	Flash Point:	N/A
	Solubility:	100%

For more information please refer to the product MSDS.
